Over Head Projector Activity

Level: 1st grade elementary

Purpose: To practice visual discrimination and vocabulary development.

Material: Transparency with an outline of a female body (a doll) and clothes made of the same material that fit the doll.

Time class: 15 minutes.

Procedure:

1. Present the female outline and tell the students that she is getting ready to go to school.
2. Dress the doll and ask the students if the clothing is being put on in a proper way.
3. Ask students to narrate as the clothing gets on the doll.

Example:

First Liza puts on her undershirt, underpants and socks.

Next, she puts on her shirt and then her pants or skirt.

She puts a turtleneck sweater if it is cold.

Variation: Put the clothing on in the wrong order and ask a student if that is correct.

Example: Start with the boots and then the socks.
